**Re: 2022 Engineers Day Gala Sponsorship**

Dear Colleague,

The Association of Cuban American Engineers is hosting its 61<sup>st</sup> Engineer's Day Gala. The theme of this year's Gala is "a flamenco night". The event will be held on Saturday October 22<sup>nd</sup> at the Hyatt Regency Miami Florida. In 2021 the Gala had a record attendance of over 700 industry-leading professionals and we anticipate an even higher level of participation this year. It is a one-of-a-kind event with awards, dining, and entertainment.

ACAЕ, is currently looking for corporate sponsors who would like to be patrons of this event. There are several levels providing our supporter with the flexibility to choose the package that best fits their commitment. The sponsorship levels are described in the following pages. The funds donated will serve to support the organization and activities that we host throughout the year.

Recent examples of our work include the 2021 Professional and Project Awards Ceremony with various distinguished awardees and guests including Congressman Mario Diaz Balart, numerous technical presentations as well as the Cuba Infrastructure Student Competition in which students from various universities competed in researching, writing papers, and preparing presentations regarding Cuba's infrastructure and plans for the future.

Thank you supporting the efforts of the Association of Cuban American Engineers. Your sponsorship is greatly appreciated.

Sincerely,  
ACAЕ Gala Committee

Association of Cuban-American Engineers  
Asociación de Ingenieros Cubano-Americanos
